To

M. Venkatesa Iyengar, Esq., M.A.,
General Secretary to the Government
of Mysore, Bangalore.

SIR,

With reference to your letter No.D.6597/C.V.55-35-4 dated 4th May 1936, stating that the revision of scales of pay of the Salustries and Compounders of the Civil Veterinary Department may be sent up for consideration during 1936-37, I have the honour to forward herewith a copy of letter No.H.A. 9-38/36-37 dated 13th July 1936 received from the Superintendent, Civil Veterinary Department in the matter and to request that under the circumstances stated therein Government may be pleased to sanction the revision to take effect from 1st January 1937.

I may only add that as the matter has been pending for some time, the proposals in this behalf may kindly be viewed sympathetically in the interest of the poor subordinates and the efficiency of the several Veterinary Institutions.

I have the honour to be,
Sir,
Your most obedient servant,

B. Narasimha Iyengar
Director of Agriculture.

Sd. Reference is invited to the statement of proposals for the revision of scales of pay of the Salustries & kvs. the Compounders (list at Appx O). The amounts Rs 7434/- per mr Rs 8921/- P.A. Extra cost if any. The statement has to take into account the posting one salusty on Rs 20/- & one compounder on Rs 15-/- sanctioned to each of the three new dispensaries opened at Siddaghatta, Turuvekere & Hosakote during the current year. The proposal to open two more dispensaries at Kunur & Tarikere this yr is under the consideration of Govt.

6 The increased cost is very heavy and the proposal is not financially acceptable. If the department is content with a more modest revision, it may have a chance of being considered if funds permit. Eg. Instead of 7 as Compounders on 15 Rs we may have 4 on 18, 8 on 17, 12 on 16 and the rest on 15 Rs. 9 The scales proposed by the Financial Secretary will not meet the requirements of the case. These subordinates are working without any reorganisation since the year 1920 and their lot is a pitiable one requiring immediate relief even though it may cost extra to Government.

10 The position of the Compounders is deplorable. They hardly get a living wage while their work is in no way less responsible when compared to their confer-

Co-professionalists contemporaries in the Medical Department.

The scale of pay of compounders in the Mysore Medical Department is (20-3/5-30) and (28-½-40) for the Compounders in Madras Civil Veterinary Department. The grade 15-1-20 proposed for our men is in fact, a very modest one, while I feel that it should not be anything less than that obtaining in Madras. However, it is proposed to take this question up when the Financial position improves, but I urge that Government may be pleased to sanction the grade of (15-1-20) at least for the present. This will involve an additional expenditure of nearly Rs.2780/- which can be met out of the savings under charge allowances.

11 As regards Salustries, if Government feel that it will not be possible to give any relief in spite of their hardship I am agreeable to its postponement for the present.

21) As per Article 252 para b (ii) page 205 of M.C.A.C. Vol.I a lump sum contribution of Rs.300/- in the case of a Veterinary Hospital and Rs.150/- in the case of a Veterinary Dispensary is recovered from the Local Bodies on account of maintenance charges irrespective of the fact whether charge allowances to the Veterinary Inspectors are paid or not. Provision for charge allowances to Veterinary Inspectors is made under 27, 4, (i) b, Civil Veterinary Hospitals and Dispensaries - "Establishment". The savings under "Charge Allowances" reported to Government are therefore real.

6 The savings pointed out cannot be considered as real ~~in so far as it seems to be~~ as it was a mistake to have made provision in the budget for allowances to all the Veterinary Inspectors instead of only to those who are entitled. ~~This~~ Further the limitation of allowance in those cases was a measure of retrenchment intended to reduce the total expenditure and will fail in its purpose if it is made use of for increasing expenditure in other directions.

29 Compounders have been drawing Rs 15 for several years. Their case deserves sympathy. In the last Dasara Session of the Representative Assembly there were interpellations regarding their low pay and prospects. It seems more important to improve their conditions of pay than opening new dispensaries. The programme of opening new dispensaries may if necessary be curtailed next year if and the expected savings utilised to meet the additional expenditure. The case of Sanitaries may lie over as agreed suggested by my predecessor but the case of Compounders drawing Rs 15 deserves most sympathetic consideration.

33 Reference is invited to my note dated 27th October 1937. The proposal to revise the scales of such a small establishment at a cost Rs 2,780/- per annum (and actual extra cost of Rs 4,500/- ultimately) in the middle of the year is not financially acceptable in the present financial condition. The budget has been barely balanced and large amounts of additional grants have since been sanctioned. We are not sure of what the next year's budget would be. It is therefore necessary to put off -- at any rate till next budget time -- avoidable expenditure and particularly expenditure on account of improvement of establishments. In the circumstances, I would state that the scales proposed by me in my note dated 14th April 1937, involving smaller additional cost may be considered sufficient for the present and considered at next budget time.

Enclosure to letter No Roc 375-Budget 9/35-36 dated 10/11/36 from the Dir of Agriculture (D. No 2558 11

Letter No.H.A.O-38/36-37 dated 13th July 1936 from the Superintendent, Civil Veterinary Department, to the Director of Agriculture in Mysore.

With reference to your letter No.Roc.357/Budget 9/35-36 dated 8th May 1936 forwarding copy of letter No.D.6597/C.V. 55-35-4 dated 4th May 1936 of the General Secretary to Government informing that the proposal for the revision of the pay of the Salustries and Compounders may be renewed during the current year, I have the honour to reiterate what has already been represented at great length regarding the deplorable condition in which these poorly paid subordinates are stagnated for over 15 years. The responsibilities that these poor subordinates have in their daily work are too many and the efficiency of the Institutions depends to a considerable extent on the good work done by them.

In this connection, I beg to state that the immediate need to improve the condition of these men was unanimously urged during the recent session of the Mysore Veterinary Medical Association and the Director of Agriculture was pleased to observe that the matter would again be taken up with Government and to do his best.

In these circumstances, I request you to kindly move Government to consider the proposals favourably. The pay proposed is in confirmity with your kind direction indicated in your note dated 28th December 1935. The proposition statement has been submitted by the Director to General Secretary to Government in Roc.No.357/Budget 9/35-36 dated 16th March 1936 and there has been no change.

As the matter is one which needs very early consideration, I propose that the revised scales of pay may kindly be given effect to from 1st January 1937, the funds required during the current year being met out of savings under Charge Allowance, as there will be savings to this extent under this head.

No. D 7551/CV-55-35-8 Dated, Bangalore, 5th May 1937

From

The *General Secretary to the Government of His Highness the Maharaja of Mysore.*

To

The Director of Agriculture in Mysore,
Bangalore.

Sir,

With reference to correspondence ending with Unofficial Note No.60/36-37 dated 24th April 1937 stating that the proposal to revise the scale of pay of the Compounders of the Civil Veterinary Department to Rs.15-1-20, will involve an additional expenditure of nearly Rs.2,780/- which you say can be met out of the savings under charge allowance, I am directed to enquire what the savings referred to are and whether they are due to permanent reduction of expenditure.

I have the honor to be,
Sir,
Your most obedient servant,

GENERAL SECRETARY 7 JUNE 1937

To

M. Venkatesa Iyengar, Esq., M.A.,
General Secretary to the Government
of Mysore, Bangalore.

SIR,

With reference to your letter No.D.7551/C.V.55-35-8. dated 5/10th May 1937, I have the honour to state that savings pointed out under charge allowances to Veterinary Inspectors are due to the restrictions imposed in para (16) of Government Order No.Fl.4236-7/S&A.176-31-7 dated 14th December 1931, limiting the pay plus charge allowance to Rs.100/-.

At present there are 40 Veterinary Inspectors drawing a pay of Rs.100/- and above and 28 of them are in charge of Dispensaries and are not eligible to get the charge allowance of Rs.10/-. The savings as a result of this amounts to Rs.3360/- per annum and is of a practically permanent nature as by the time the men in the higher ranks retire, the remaining Inspectors in the old grade of (60-5-120-5-150) will have risen up to Rs.100/- and above making them ineligible for the charge allowance.

I request that the above savings may be utilised for the revision of the pay of the Veterinary Compounders which is pending for a very long time.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.
